NortFoods Confectionery Powder

CHARACTERISTIC

White to yellowish colour, free flowing powder, typical milk taste and smell without foreign odour.

APPLICATIONS

Dedicated especially for confectionery. Can be used also in bakery, biscuits, desserts, cream fillings, ice cream, fudges, cookies and other preferred application in the food industry.

BENEFITS

Economical alternative to traditional skimmed milk powder, not greasy in touch, doesn't smear when used in production, good source of energy, very good solubility in warm and cold water
